

Community Care Workers

Do work that makes a difference with D.A.N.S. In-home care

D.A.N.S. In-home care (Dubbo Area Nursing Service) is a community nursing and support service provider who has been servicing Dubbo for over 20 years. We are looking for passionate **Care Workers** with a genuine interest in Aged Care and Disabilities to provide care to our clients living in their own homes in Dubbo.

Does this sound like you?

- You're looking for a rewarding role with flexible hours.
- With some industry experience, you're comfortable providing quality care to clients with a focus on support and social accompaniment.
- You need a culture change. You'll support our clients across our service range with a focus on slowing down and spending more individual time with the families we support.
- Proud of the work you already do, you're searching for some more human interaction. We'll work around your current commitments and with domestic cleaning experience, you'll support our clients to stay in their homes.

What makes D.A.N.S. different?

We want our clients to not just live at home, but thrive at home.

Locally owned and operated, we believe experience counts when it comes to providing premium care. With 20 years of experience, assisting more than 7,500 people across the Central West, we are a care service provider of choice.

Our services are tailored, our team are dedicated, and our clients rely on us to be a compassionate extension of their family.

- we'll tailor your work to your experience and availability
- our on-ground management team will support you daily
- you'll feel like you're making a difference as part of our family

We want our clients to thrive at home and you to thrive at work.

What can you expect?

- A supportive team environment in a locally owned company, with direction from experienced Registered Nurses
- Above award wages, with kilometres and time paid between clients
- Flexible hours, with the time you need for work/life balance
- Job satisfaction, with no two days the same

- You'll support our clients to thrive at home through a range of in-home care services, ensuring their holistic needs are met in line with their Care Plan
- Providing companionship, social and emotional support to improve our client's quality of life
- Domestic duties such as cleaning, tidying, preparing, and cooking meals
- Assisting with personal care including bathing and dressing
- Administering medications where needed
- Transportation to appointments, social outings and running errands
- Communication with clients and their families about their care and support

What we need from you?

- Some industry experience or a genuine desire to compassionately care for our clients in their own homes. This may include Certificate III in Aged Care or Disability, as well as progress towards a qualification or a desire to undertake one.
- Current drivers' licence and reliable vehicle
- Current first aid certificate and CPR
- Excellent communication skills
- Pride in the work you do with an eye for detail and high standard of care
- The ability to thrive in a close-knit team environment
- Willing to undertake worker checks and screening

You will have the opportunity to make a difference in your community, learn new skills and work under the direction of our experienced Registered Nurses.
